MEASURING YOUR KITCHEN

STEP BY STEP

Please fax or email your completed guide to kitchenwholesalers.ca or bring them into a showroom near you.

1. THE ROOM

- a Measure wall to wall and draw a rough outline of your kitchen notating all doors, doorways, and windows.
- b Measure the ceiling height and write it in the center of your drawing.

2. THE WINDOWS & ENTRYWAYS

- a Measure the width and height of the windows and all entryways, including the outside trim.

3. THE WALLS

- a Beginning at the top left corner of your drawing, measure to the first window, door or wall. Continue clockwise around the room and until the entire room has been measured.

4. OBSTRUCTIONS

- a Notate the exact location of the sink, water pipes, gas lines, radiators and any other obstructions in the room that cannot be moved.
- b Measure the distance from the obstruction to the walls on either side of it.

5. THE APPLIANCES

- a Measure the width, height and depth of all appliances.
- b Mark the location for all appliances on your drawing.
